

Our

# Mission

**T**o support and influence Government to rapidly and substantially reduce the levels of crime in South Africa through:

- Gaining a deep level of understanding of, and contributing towards Government's overarching strategic objectives and priorities;
- The deployment of appropriate business skills to facilitate the enduring enhancement of structures, organisation, systems and processes in the relevant Government departments;
- Assisting Government to implement a carefully defined portfolio of projects which measurably improve the Justice Crime Prevention System performance and institutionalise best practices;
- The transfer of appropriate business and process skills relating to governance, management and leadership; and
- Mobilising businesses to enhance practices to combat crime.
